MEMORANDUM FOR: Office of Logistics

ATTENTION:

[REDACTED]

25X1

**SUBJECT: Proposed Disposal of Two Transmitters to
AMCOMLIB**

1. Attached is the original and one copy of a letter from the General Counsel of USIA to Mr. Bean of the Federal Supply Service of GSA. This letter was prepared by USIA pursuant to my oral request.
2. Presumably these should be delivered to Mr. Bean and I would suggest that your office should do so. In view of the fact that we have been advised that a letter has gone forward from the Senate Committee on Government Operations approving the disposal, the question should be raised with GSA as to whether or not any further papers should be going forward from GSA to the Committee. As soon as GSA has received their letter from the Committee would you see that this office receives a copy.
3. It was my understanding that the House Committee on Government Operations was going to let the matter rest for thirty days after which time it would be presumed to be approved. You might confirm this with GSA.
4. There appears to be no further action to be taken by this office. Presumably you will advise IO when GSA has informed you that they are in position to go forward with the disposal.
